

a letter from the President

Mike Pearson
President
Union Packaging

Union Packaging was formed in late 1999 and began production in Yeadon, PA by February, 2000 – a very rapid startup! Most of our employees did not have manufacturing experience. We set up an intensive training program and were producing high quality folding cartons in no time. We are now an ASI inspected and approved facility.

We have a solid customer base. Our sales are approaching \$20MM. We are able to meet the high quality and service standards of these very demanding and highly respected global companies.

Of all our accomplishments, I am the most proud of our diversity program. We are MBE certified. Today 90% of our employees are minorities. We are a magnet for redevelopment in our community. Our culture fosters participation and improvement.

It has been a pleasure and an honor to participate in the founding and growth of Union Packaging. We are ready for the opportunities and challenges ahead.

Michael K Pearson

Diversity and Excellence
in One Package

Diversity and Excellence in One Package

Our Mission

At Union Packaging, we are building a packaging company known for diversity and excellence. Our diverse workforce consistently delivers excellent quality and service to our customers.

MBE Certification

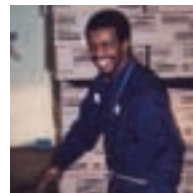

Union Packaging is a Minority Business Enterprise (MBE) as certified by the State of Pennsylvania and the National Minority Supplier Development Council (NMSDC).

*Union Packaging's
production facility
is in Yeadon,
Pennsylvania.*

Our Blueprint For Excellence

- We will focus our efforts on providing folding cartons to the QSR and personal care markets.
- We will always give our customers a high level of service, inventive thinking, and quality packaging.
- Our specialized manufacturing will be efficient, cost effective, and responsive.
- We will create career opportunities for a diverse workforce. Our culture will be based on open communication, teamwork, employee participation, and continuous improvement.
- Our actions will show our deep respect for our customers, our suppliers, our employees, and our communities.

*Union Packaging is
focused on QSR and
personal care packaging.*
